RE: Inspection of Public Records Act received November 21, 2019;
Third Judicial District Court IPRA request: 11-21-2019-Lucy Parsons Labs

Dear Ms. Parsons Labs:

The Third Judicial District Court (3JDC) is in receipt of your public records request forwarded by the State of New Mexico Administrative Office of the Courts and received by the Third Judicial District Court Administration on November 21, 2019. Citing the New Mexico Inspection of Public Records Act (IPRA), NMSA 1978, § 14-2-1 *et seq.*, you have requested the following records:

Records Requested: Pursuant to the New Mexico Inspection of Public Records Act, I hereby request the following records:

For all search warrants, applications for search warrants, cancellations, and authorization for search warrants between 2012 to the date of processing this request, please provide the following points of record for each:

Whether narcotics found

The records responsive to this request are likely available in a database, or in some query-able format. If your department or agency does not have direct access to the records, please raise to the respective department that can run queries directly (eg, through SQL).

Should your agency not have all of the requested records within a single record or document, please provide me the relevant documents that do, even if that requires more than one class of document. Should some of the records be unavailable, please let me know ahead of time so that we can narrow the request accordingly.

As the records responsive to this request are imperative for understanding how search warrants are executed, I ask that the public interest of these records be evaluated to the extent that the public's interest outweighs this request's burden. To add, this request is being sent to the largest city of every state and will be collated together to create a comprehensive map of search warrants throughout the US. As such, the records are not only important for understanding search warrants at a local level, but also at a national and state-wide level.

Please ensure that provided documents comply with Section 508, as these records will be shared with members of the public who are covered under the ADA. This guide should be helpful: <https://www.hhs.gov/web/section-508/making-files-accessible/checklist/pdf/index.html>

If this request was sent to the wrong department or agency, please let me know so that I can send to the correct place.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 15 business days, as the statute requires.

3JDC RESPONSE: It is the policy of the Third Judicial District Court to be fully responsive to requests for public records available under the Inspection of Public Records Act, NMSA 1978, § 14-2-1 *et seq.*, (“IPRA”). The Inspection of Public Records Act provides the public with the right to access government records. IPRA requires government agencies to allow the inspection of existing records. Your request is not for a record. Instead, you asked for bulk data relating to warrants. The New Mexico IPRA does not impose a duty on state agencies to create records that do not already exist.

3JDC uses the Odyssey electronic case management system for docketing and case management purposes. Please be advised that the Odyssey system is not being utilized to capture and report the specific and discrete data you requested regarding search warrants. The Court does not maintain or run any reports that would routinely gather and produce the data you requested. The provisions of IPRA do not require a governmental body to create documents, lists, spreadsheets, statistics or other reports in order to respond to a records request. See NMSA 1978, § 14-2-8(B) (Nothing in the Inspection of Public Records Act shall be construed to require a public body to create a public record.) For example, you ask for the “age” of each person subject to a search warrant since 2012. We have no record that contains a compilation of the ages of every person who was the subject of a search warrant. Similarly, you also asked for a “description” of each person subject to a search warrant since 2012. Again, we have no record or report that provides that information. What you have asked for are data points that must be manually culled out of hundreds of thousands of pages of records, and compiled into reports that currently do not exist. As noted above, IPRA does not require an agency to create a report that does not exist.

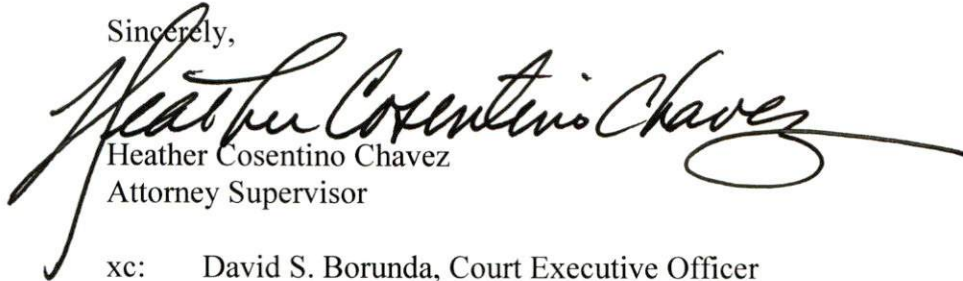

Furthermore, 3JDC does not have custody or control of arrest records or data. See Rule 5-211 NMRA, Search Warrants (Search warrants may only be executed by “a full-time salaried state or county law enforcement officer, a municipal police officer, a campus security officer, an Indian tribal or pueblo law enforcement officer, or a civil officer of the United State authorized to enforce or assist in enforcing any federal law.”). Public records requests seeking law enforcement records, statistics and reports should be requested through the law enforcement agency that handled the criminal investigation.

For all media inquiries, please contact the following at the 3JDC:

David S. Borunda, Court Executive Officer at 575-523-8283;
Heather Cosentino Chavez, Attorney Supervisor, at 575-528-8344; or
Melody Longwill, Paralegal, at 575-528-8370.

We now consider your IPRA request closed with respect to the Third Judicial District Court.

Sincerely,

A handwritten signature in black ink, reading "Heather Cosentino Chavez". The signature is fluid and cursive, with a large loop at the end of the last name. Below the signature, the name and title are printed in a standard font.
